## Pharmacy Profession

Pharmacy is a profession concerned with the art and science of formulation of medicinally active compounds obtained from natural or synthetic sources.

It embraces knowledge of selection of medicinally valued plants, isolation, characterization and modification of medicinally active molecule, biological activity, formulation and clinical trials establishing the standards of purity and quality of formulations, packaging and marketing.

It also includes the search to obtain new compounds for the treatment of diseases. It is the most important element of total health care of the mankind.

## Career Options for Pharmacy Graduates

Graduates can get highly paid jobs in Research and Development (R&D), Quality Control (Q.C), Quality Assurance (Q.A.), Clinical Research, Marketing, Production, Teaching and can establish own business.

B.Pharm Students can also pursue M.Pharm. and Ph.D.

## Opportunities Abroad

Pharmacy Students can go abroad for higher studies/jobs.

## Infrastructure

### Library

The Library comprises of spacious well furnished and illuminated reading area with a seating capacity of more than 90 students. It has rich collection of more than 7400 books and 27 National and 70 International Journals.

### Labs

The labs are well equipped with sophisticated state-of-the-art instruments such as HPLC, FTIR, Brook field Viscometer, Rheometer, Spectrophotometer etc., to cater to the needs of present Pharmacy Education and Research.

### I.T Lab

The Institute has airconditioned computer lab and provides round the clock internet facilities through 10 Mbps Radio Link.

### Hostel

The Hostel provides accommodation for out-station students. Separate hostels are provided for boys & girls within the campus. The hostels are managed by dedicated wardens to take care of the students. Ragging is strictly prohibited.

# Placements

The Management has a unique philosophy of training students to prepare them for a career in Pharmacy rather than equip them just for the degree. We treat degree only as the minimum pre-requisite for searching a job. The placement cell is created to give them exposure to acquire

qualities required for a successful career. Regular Personality Development Programmes are conducted to enhance skills for communication,

group discussion, interviews, time management and to expand their knowledge of the management theories and work ethics. Our students are rigorously trained by professional trainers and various industry heads who are invited for special lectures. As a result of the rigorous training and development programs our students are recruited by top Indian and Multinational companies.
